

Save the Basin!

Show your support for the iconic Basin Reserve and tell the politicians to bowl the flyover. Join us for speakers, films and support for better transport and urban design for the Basin neighbourhood.

Rally to Save the Basin

4:30pm Saturday 20 April

The Film Archive, corner Taranaki and Ghuznee Streets

The New Zealand Transport Agency plans to destroy the character of the Basin Reserve by building an expensive and unnecessary flyover alongside it. It'll cost taxpayers \$90m. The plan makes no economic sense and will result in the short-sighted destruction of the Basin as a sporting and cultural venue as well as polluting the neighbourhood for residents and schools.
